

It's spring! Make a flower crown hat to celebrate spring!

- a paper or plastic plate
- coloured paper
- crayons, felt tips or paints
- scissors
- glue
- ribbon or crepe paper (optional)
- glitter (optional)

1. Cut a slit through the middle of the paper plate. Then cut three more slits. (See the picture above). Don't cut through the edge of the plate!
2. Bend the triangles up to make the leaf shapes for the crown.
3. Paint or colour the leaf shapes green.
4. Cut out some flowers using coloured paper.
5. You can use the flowers here or make your own. You will need 8 flowers.
6. Glue the flowers to the crown.
7. You can make your flower crown more beautiful if you add some glitter.
8. You can fix two long ribbons at the back of the hat with staples. You can use ribbon or crepe paper to do this.
